HOTELVICTOR

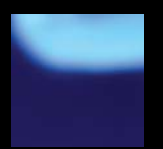

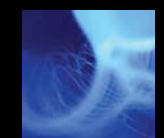

HOMAGE TO THE JELLYFISH

What inspired famed Parisian designer Jacques Garcia to design Hotel Victor around jellyfish? Honestly, we have no idea. However, the result is an electric experience unlike any other on Miami's scintillating South Beach. You feel it. It jolts the senses. It stings in the sweetest of manners. From the décor to the dining to the decadent fun that is South Beach, Hotel Victor is an 88-room boutique hotel that embraces sensory fulfillment in the most sensual of settings. What's life, after all, if it doesn't sting just a bit.

HOTELVICTOR

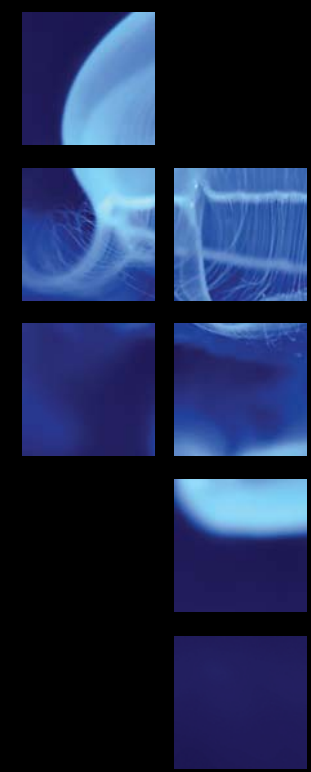

OCEAN DRIVE, SOUTH BEACH

Hotel Victor is located directly on Ocean Drive in the heart of South Beach. This is where it all goes down, where models and movie stars play and where sun-drenched days blend into sultry nights that continue until it's day all over again. To make sure you don't miss a beat, our own Vibe Managers and DJs assess and orchestrate the mood of every public area at Hotel Victor. They are assisted by the vibe of South Beach itself. The sound of waves crashing on the shore. The white sand and turquoise ocean that are but steps from your room. The countless nightclubs and cafés you can visit simply via a nice stroll down Ocean Drive.
